CSA options (check desired size)

Small: \$320/season  
Medium \$480/season  
Large \$640/season

Small is the equivalent for a family of 2 or 3

Medium family of 3 or 4

Large is for anyone who loves fruits and veggies, cooks, freezes, shares with friends and family.

Just for a benchmark: I have a family of four and would buy the whole share of my CSA and then some! We are veggie and fruit heavy in our home.

Delivery date: Thursday

Time TBD

Pick up may become an option and we will adjust accordingly.

Payment will be submitted in full. This allows me to arrange for proper help, and provisions to make this happen for you!

I understand that this is a community supported agriculture membership. The business is committed to providing quality produce. However there are risks in farming, primarily mother nature, that are shared by the CSA community. On occasion we may need to substitute crops due to weather and growing conditions. In the unlikely event of a total crop failure, you may not receive your full shares. I will do my absolute best to ensure this doesn't happen. I understand that my payment entitles me to share of the produce grown and sold by Maizey's Market during the 2020 Growing season, according to the membership option I have chosen and the delivery date.
